The Director has received your letter of 20 September 1956. A representative has contacted the Foreign Claims Settlement Commission and has ascertained that your claim has been received and has been given the number [REDACTED] Your letter to the Director has been forwarded to the Commission and it is our understanding that they will write to you concerning it.

Your letter refers to some affairs and correspondence which your Grandfather had with the State Department around 1925. An official of that Department has advised my representative that they have searched their records from 1910 to 1929 but are unable to locate any correspondence on this matter with your Grandfather.

In response to your request for further suggestions, it would appear that you should seek the advice of an attorney in your locality as to the possibility of taking further action in this matter.
